

Agricultural drainage

PP-drän

Flexible unperforated drainage pipe (corrugated) made of PP
Colour: blue

Technical data

| | | |
|--|---|-----|
| Application: | as a so-called "blind pipe" for lowering the groundwater, for direct connection to pumps (vacuum extraction in deep sediments). | |
| Material/raw material: | PP (Polypropylene) | |
| Specification: | Drainage pipe based on DIN 1187 and DIN 4262-1 | |
| Nominal diameter (DN): | 80 | 100 |
| Outside diameter: D _O [mm] approx. | 79 | 100 |
| Inside diameter: D _I [mm] ≥ | 66 | 82 |
| Coil length: [m] | 50 | 50 |
| Perforation rows/ arrangement: | unperforated (UP) | |
| Ring stiffness: [kN/m ²] | ≥ 10 (SN 10) | |
| Connections: | by means of command double socket | |
