ReMo UP socket

Product description:

The ReMo UP socket is an airtight flush-mounted socket, black RAL (9005).

The ReMo UP socket is used in particular for corrugated plastic conduits like FFKu-ReMo click and FFKuS DATALIGHT®. An advantage is that it allows for rear insertion. This allows for inserting the conduit from the outside wall directly to the socket.
CE VDE

REACH Compliant

Cat. No.:	Type	Content	PU	Overall width mm	Overall length mm
